**Norwegian Special Mission signed a contract with Embraer to supply six (6) UNIFIS 3000 Nav aids Flight Inspection Systems to be integrated into six Embraer Legacy 500 aircraft**

---

**Norwegian Special Mission (NSM)** signed a contract with Brazilian aircraft manufacturer **Embraer** (NYSE:ERJ) to supply six UNIFIS 3000. The systems will be integrated by Embraer Defence Systems into six factory new Legacy 500 business aircraft. The end user is the Brazilian Air Force (FAB). The aircraft is equipped with full Fly-By-Wire for increased safety for special missions and have the latest Rockwell Collins Fusion cockpit. The UNIFIS 3000 will use DGPS-RTK and UNICAM as primary positioning systems. The first aircraft is expected to be delivered to FAB within 2016.
